There is no pause between physical warm up and music warm up. It is basically go on the other side of the curtain and get started.

negotiable! This is also the same policy as
the school.***

This includes any over-the-counter medicines. The band has Tylenol and Ibuprofen available, but if your student needs cough medicine or antihistamines or other such over the counter medicines on a regular basis, please supply this. Over-the-counter medicines need to be in a new and sealed package. Placed in a ziplock bag with your child's name on it and instructions written out.

Please also include any special instructions - such as specific times the student receives the medicine or if it is taken with food.

We take the safety of your children seriously and ask for your cooperation! If there is a problem with medicine check in, you will be notified while the students are loading and we will help you find a solution.

If you have your medicine information on file with the school nurse, you can contact them to get a copy of it. You are responsible for getting the form from the nurse to us on Thursday morning.

If your child uses an inhaler – we need this information presented as well – documentation and usage instructions. They can keep the inhaler with them, but we need you to come to medicine drop off to give permission.

***Also, if your child uses an inhaler –
THEY MUST BRING IT.***

Sharing of inhalers is NOT something we want to do. Please be sure the inhaler has an ample supply of medication and will last through Sunday.
